

# Rising Juniors & Seniors, Explore a teaching career! Math & Science in high demand

## Advanced Academy For Future Teachers

**8:00-1:30 Weekdays June 8—26, 2009**  
**On the campus of Georgia State University**

Learn about teaching from the front of the room—guided by university faculty and public school master teachers.

Experience the challenge of helping someone learn in practice teaching.

Develop tutoring, communication, presentation, and leadership skills.

Discover new ways to connect with teachers, peers, and future students.

Ideal for your college application!

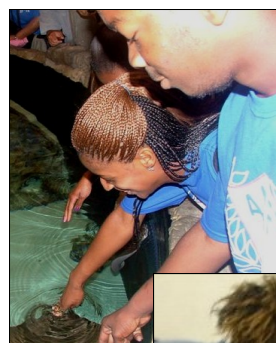

Jobs are always open for great math and science teachers at all levels.
