

EPSE Ph.D. Residency Program Plan
Department of Educational Psychology and Special Education

NAME: _____ **ADVISOR:** _____

PANTHER #: _____ **MAJOR:** _____

As requirements are completed, they should be approved and initialed by the major advisor. All requirements must be completed prior to advancement to candidacy.

Area I

All items must be completed:

- _____ Senior author of a data-based article submitted to a refereed journal.
- _____ Assist faculty in teaching a course in the Department of Educational Psychology and Special Education.
- _____ Complete residency course work requirements as specified in the Graduate Catalog.

Area II

At least five activities, each approved in advance by your advisor, are required from the following (none may be counted more than once). An activity cannot count towards more than one requirement in Area II.

- _____ Publication of article submitted for Area I. Number 1.
- _____ Author or co-author a publication in a refereed or non-refereed scholarly journal or book (repeatable once)
- _____ Author or co-author a paper or poster accepted for presentation at a national conference.
- _____ Assist in data collection for a faculty or doctoral level research project (your dissertation does not qualify).
- _____ Assist faculty in developing a proposal for external funding.
- _____ Assist in supervision of practicum (not to meet teaching internship requirement).
- _____ Present at a national conference.
- _____ Present at a state/regional conference (or a second national conference).
- _____ Conduct a professional workshop (at least ½ day in length with participant evaluation).
- _____ Attend a national /regional conference.
- _____ Attend a professional workshop related to research (e.g., IES workshop).
- _____ Hold office in a professional organization/association
- _____ Serve on a professional organization committee with evidence of participation.
