2015 Academy for Future Teachers
A 3-week summer STEM program for high school students
on the campus of Georgia State University

June 8-26 8:00 - 1:30 Weekdays

- Teach lessons you design to real pre-K and middle school students.
- Connect & learn from professors, teachers & students from throughout Atlanta.
- Strengthen core math & science skills.

- Participants receive a MARTA card or parking space & a snack card.
- Students meeting all attendance & participation requirements can earn a $200 stipend.
- Rising juniors & seniors preferred. Rising sophomores with exceptional records may also apply.

The best part of teaching is that it matters.
