Our New Initiative

Georgia State University’s College of Education will partner with Guangzhou Overseas High School in Guangzhou, China, to encourage more international students to pursue their undergraduate degrees at Georgia State.
Unique Collaboration

Guangzhou Overseas High School

- Recruit a cohort of 20 tenth-grade students who express a desire to obtain their undergraduate degree from Georgia State University

GSU’s College of Education

- Recruit a team of GSU certified teachers to teach at the Chinese high school and prepare students to be ready to apply to GSU.
Innovative Program

• Program focuses on last two years of high school in China.
• Students take courses in math, English, social studies and science aligned with Georgia’s standards for graduation.
• Courses will be taught in English.
Guangzhou China

• Introduction to Guangzhou

• San Diego State University’s Collaborative Program: Year 1

• GSU Visit to Our Proposed Partnership Site
Review 1/10/19
* Physics
* Algebra
* Finals Outline
9:50 - 10:20
Students of Nanjing International School had the opportunity to learn about various cultures and industries of the world. The school aims to expose students to a well-rounded education by offering them the chance to learn about different cultures, industries, and skills. The students were interviewed by a local television channel to share their experiences. The camera captured the students' interactions with the reporter, providing a glimpse into their educational journey.
It All Starts With Finding Exemplary Teachers

- GSU prepared educators preferred
- Certified to teach
